The Affected Communities agree to prohibit pit sawing for commercial uses, but Affected Communities may cut trees occasionally for Community development purposes around the towns in the affected community in collaboration with Atlantic Resources

So long as Atlantic Resource complies with the Affected Communities’ Customary laws regarding traditional practices described in this Social Agreement, the Affected Community will not interfere with Atlantic Resource activities.
B. It is the intention of this agreement that the Atlantic and the Community may modify this agreement by mutual agreement. The FDA will need to attest to its completeness prior to any modifications going into effect.

C. That Atlantic and the Community will maintain lines of communication regarding operations and specifically provide periodic updates to the chairperson regarding any issues implementing the social agreement. The update should specifically provide information as to the volume of logs removed to date.

D. That Atlantic and the Community will hold an annual meeting with representatives of the Community Forest Development Committee, FDA and authorized representatives of the company to discuss the upcoming annual operating plan as well as attempt to resolve any issues identified from the previous operating season.

E. That Atlantic and the Community may provide support and assistance to each other in seeking grant and alternative funding opportunities via letters of support and work on grant applications.

F. REAL PROPERTY IMPROVEMENTS. Any improvements (facilities, roads, etc.) developed as a result of this agreement and at the direction of either of the Atlantic and the Community, shall thereupon become the responsibility of the affected communities, and shall be subject to the same regulations and administration as other similar improvements of a similar nature. No part of this agreement shall entitle Atlantic to any share or interest in the project other than the right to use and enjoy the same under the existing applicable regulations.

G. PARTICIPATION IN SIMILAR ACTIVITIES. This agreement in no way restricts Atlantic or Affected Communities or FDA from participating in similar activities with other public or private agencies, organizations, and individuals.
H. DISPUTE RESOLUTION. In the event of any issue of controversy under this agreement, parties consisting of two (2) members of the CFDC and two (2) from the companies and one person that both parties agreed on will seek to initially resolve their differences with the assistance of those mentioned in Annex 2a. In the event that there are still differences, local government officials (District Commissioner, Paramount Chiefs, Clan Chief, and Town Chief) should be considered as neutral parties in a third-party mediation process, provided their neutrality is so proven in said conflict. If not resolved by the steps above, any controversy or claim arising out of or relating to this agreement shall be exclusively settled by binding arbitration in accordance with the Commercial Arbitration Rules and judgment rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. The laws applicable to the dispute, the Social Agreement and the interpretation thereof are the laws of Liberia. The arbitration shall take place at an acceptable location within the towns represented by the CFDC and the arbitral proceedings will be in English with interpreter provided for local languages.

I. AUTHORIZED REPRESENTATIVES: By signing below, the Chairperson of the Community Forest Development Committee certifies that the individuals listed in this document are representatives of the Affected Communities in Grand Kru county and are authorized to act in their respective areas for matters related to this agreement. Also, by signing below, the assigned representative of Atlantic certifies that this individual is authorized to act in this capacity for matters related to this agreement.

J. COMMUNITIES BE SUPPORTED TO MONITOR AND EVALUATE THE SA:
Participatory compliance monitoring of community benefit delivery by title holders and CFDCs; the CFDC to be supported from the Community Fund at the rate of 10% of annual benefit delivery (area and production base fees);
Independent Monitoring by CFDC Expert Advisor under an MOU and on a fee basis supported from the Community Fund of 5% of annual benefit delivery (area and production base fees);

K. COMMENCEMENT/EXPIRATION DATE. This agreement is executed as of the date of the last signature and is effective through the
